Dear Egil

GLOBAL BEST AWARDS 2014

It gives us great pleasure to inform you that the Global Best Award judges have selected the Norwegian Centre for Science Education's 'Lektor 2' Project as the Global Best Award winner for Category 3 - *Science, Technology, Engineering and Math* in the Europe Region.

All category winners from each of the six geographic regions, Africa, Asia, Australia/Oceania, Europe, North America and South America, are invited to collect their awards and present at the 12th International education business Partnership Conference to be held at the Thon City Centre Hotel in Brussels, from September 10th to 12th 2014.

This year we have introduced a new awards system. In place of the Overall Regional Winner we will be awarding an Overall Category Winner for each of the six categories covering all six regions. A winner of a category is also in contention for, firstly, the Overall Category Winner, and ultimately, the single Overall Global Winner, chosen from the 6 category winners. The winners of these overall awards, both category and global, will not know until the announcement is made, Oscar style, at the Global Best Award ceremony at the 12th International Education Partnership Conference.

As well as attending the conference we hope you will want to present at one of our café conversations and we will be in touch with you soon with more information about this. The next step for you and, hopefully for other partners in your project, is to register for the conference. The Registration Form is available for completion on the IPN website: [IPN2014 Conference Registration](#)

Our congratulations to you on an excellent programme. We will be in touch with you soon and look forward to seeing you in Brussels!
